Ref. 124 dd. November 07, 2018

Dear Messrs,

OOO «NOV-AGRO» is a Russian agro-industrial holding, whose main activity is cultivation of crops.

NOV-AGRO agro-industrial holding owns 15000 Ha of croplands in Kaliningrad region, a park of modern farm machinery, administration buildings, a workshop, an oil depot and warehouses in the immediate vicinity of the fields.

The main crops are wheat, rapeseed, soybean, buckwheat and industrial hemp.

As part of the development of our holding, we are planning to:

- build an elevator with storage capacity of 40000 Tons;
- build a crop processing factory;
- Expand the farm machinery park.

For these purposes we are kindly asking you to assist with international business matchings for "NOV-AGRO":

- sales of our agricultural products;
- supply of farm machinery, elevator and crop processing equipment.

We will be very grateful for your support of agricultural development!

Best regards,  
Director of OOO «NOV-AGRO»
